

# Law Enforcement Vehicle Armor

Armor Dynamics law enforcement vehicle armor is a cost-effective ballistic solution for urban, suburban or rural agencies. Armor Dynamics offers multiple levels of **Door Panel Protection** ranging from NIJ Level IIIA to level IV.

## Law Enforcement Vehicle Armor

Armor Dynamics has developed easy-to-install door panel inserts that can be retrofitted to match any vehicle. The armor panels can be transferred to other vehicles and can be installed by an agency's own motor pool.

- Panels come complete with mounting hardware for easy installation.
- Ballistic panels are transferrable.
- Five-year ballistic warranty.
- Will not interfere with the vehicle's window mechanism.
- Successfully tested in the presence of law enforcement organizations.

### STANDARD OPTIONS\*

NIJ level III

- Defeats: AK47, .223 (5.56mm) and .308 rifle rounds
- Weight: 28.8 lbs per door

NIJ level IIIA

- Defeats: small-arms threats
- Weight: 7.2 lbs per door panel

\*Levels III+ and IV also available.
