

Project Armor: Kingston

Project Armor: Kingston seeks to provide vehicle armor solutions to the Kingston Police Department through

the support of small and large local businesses, private donors and national corporate sponsors.

PROGRAM

Armor Dynamics has developed an armor system for police vehicles that circumvents all of the issues associated with traditional armor systems such as cost, weight and additional vehicle adjustments. At a cost of only \$1,600 per vehicle, Project Armor seeks the support of the community to armor the Kingston Police. Donors will receive a large storefront window emblem (pictured top right), two vehicle stickers, publicity on the Project Armor Facebook page, and recognition in the local print media via a full page ad thanking all contributing businesses.

Yes, I want to help protect the men and women of the Kingston Police Department who protect the community each and every day by providing them with ballistic vehicle armor!

Enclosed is my tax deductible contribution of:

\$250 \$500 \$1600 Other \$ _____

My check, made payable to the Kingston Police Benevolent Association, is enclosed.
