

Ballistic Clipboard Insert

Armor Dynamics Ballistic Clipboard Insert instantly provides protection to police officers while they are at their most vulnerable: approaching a vehicle during a traffic stop. The ballistic insert is a lightweight, concealable armor system that slides into a clipboard or Posse Box, providing handgun and shotgun protection.

Ballistic Clipboard Insert

- NIJ level IIIA protection with multi-hit capability: defends against handgun, shotgun, and small arms fire.
- Lightweight and cost-effective.
- Concealable insert that looks and functions like a regular Posse Box or clipboard.
- Easy to install; simply slide the panel into an existing Posse Box.
- Five-year ballistic warranty.
- Successfully tested in the presence of law enforcement organizations.
- Made in the U.S.A.

FEATURES

Ballistic Insert

- Weight: .9 lbs PSF
- Material: soft and rigid composites
